

Pre-Assessment:

1. The creation narratives in Genesis 1-2 are best understood as eyewitness reporting of the beginning of the universe and life on earth
 - a. 5) Strongly agree
 - b. 4) Agree
 - c. 3) Neither agree nor disagree
 - d. 2) Disagree
 - e. 1) Strongly disagree

2. Biological evolution debunks the creation narratives in Genesis 1-2 by showing that living things have evolved and diversified over millions of years rather than six, 24-hour days
 - a. 5) Strongly agree
 - b. 4) Agree
 - c. 3) Neither agree nor disagree
 - d. 2) Disagree
 - e. 1) Strongly disagree

3. The Bible and modern science are partners in the search for truth
 - a. 5) Strongly agree
 - b. 4) Agree
 - c. 3) Neither agree nor disagree
 - d. 2) Disagree
 - e. 1) Strongly disagree

4. St. Augustine's approach to biblical interpretation is irreconcilable with the claims of evolutionary biology
 - a. 5) Strongly agree
 - b. 4) Agree
 - c. 3) Neither agree nor disagree
 - d. 2) Disagree
 - e. 1) Strongly disagree
